"ALL FAKE"?
YET YOU'RE THE ONE WHO TOOK ALL OF THE FAKE THINGS APART AS AN EXPERIMENT.

SHOULD I CONTINUE CALLING YOU "HAROLD"?
MISTER ALFRED WAYNE.

THE COST OF SAVING YOUR LIFE IS MAKING YOU INTO A SAMPLE VAMPIRE.
IT DOESN'T MATTER SINCE YOU WON'T BE ABLE TO MOVE AROUND AS YOU LIKE ANYMORE.
WHATEVER YOU LIKE
CLENCH
..YOU NEED NOT KNOW THAT
NOR DO YOU HAVE THE RIGHT TO KNOW
BUT WHAT ABOUT CHARLIE?
YOUR TREATMENT IS REALLY GENEROUS
WHAT ARE YOU GOING TO MAKE HIM DO?
"BASTARD!!"
"SON OF A BITCH!!"
"ASSHOLE!!"
THINK OF A NAME YOU LIKE. WILL YOU BE SATISFIED?
...

WHAT I SAID EARLIER ABOUT HOW I FEEL ABOUT THAT CHILD ..
DO YOU STILL REMEMBER?
..CHRIS
"HE CONTINUALLY GAVE ME THIS STRANGE FEELING"
"WHEN I FIRST LAID MY EYES ON HIM"

Before, we were still in danger. Now we're safe. Yippee!

Prayer and exorcism are my speciality areas,
so I have also heard of it.
BAR

I know that in recent years, the number of eyewitness accounts have risen...this drug has gained attention.
And so, they are coming from Italy to find the man who has made this drug, vassalord.
Exactly.
They haven't found anything, and so I am still stalked by the mafia.
But Cheryl!
Charley could easily determine if they have a drug that could kill a vampire.
Master!
I say this to save the honor of Charles and Rayflo...
Either they went along to negotiate...
...or worst case, they have been kidnapped.
...It gets worse.
It seems that about half of the people I've paid for information have also given information to the other side.

I pass also.
What if it comes out that I am a vampire and you are a succubus?
Is your father Belial also a secret?
I fear all would come out if we joined this particular cause
I am sorry, but I cannot decide if I should reveal any information.
I am only a servant to the ladies
Ha!
This is funny! We should form our own team to look into it, right, Craig?
Most of these outrageous stories are based upon truth

It was also my first vampire murder case.
It struck me in particular how he looked so similar to the victims in this case.
I heard of him because there was a connection between him and the mysterious deaths.
I knew from the beginning that the youth hid something.
But in Harold's case, it was as if I had been blinded in one eye.
I had no idea how much he lied.
I'm usually good at seeing through the lies.

That would have never occurred to me.
That he is personally Alford Wayne, director of Woodsley...
Don't be ashamed of your failure to see the truth
I am very good at hiding the truth
Is it...
allowed to ask for my age?
.....
... are the manners of one who has lived a very long time.
But I ask you to not think badly of me.
These...

啪

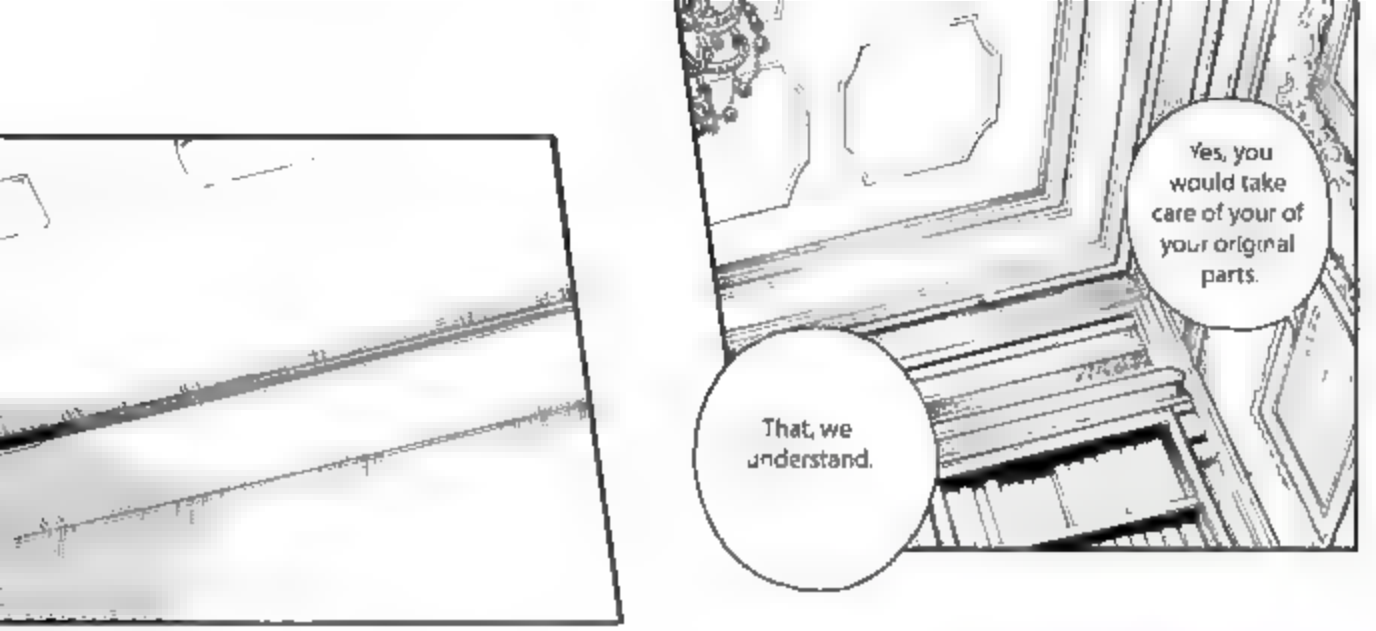
Brother ...
We were siblings. I was the older brother and the others were behind me.
Not much different from the old ...
Christopher Michelle.
Due to my age,
I have learned the digital world quite well
You can certainly understand how I could alter my personal data so that it could hide my true appearance.
咻
啵...
Since I am a hacker of some skill, I must say yes.
I speak as one...
... who has also lived a very long time.

Now...
For you, to say that you are in your mid-twenties works well...
But for Mr Rayflo, the situation is more difficult.
He does not look like he is in his mid-forties.
But no matter...
...It is not necessary to maintain the deception.
op op.
.....
Excuse me, Mr. Alford.
Please come inside.
喀
喀...

How do you feel, Mr. Christopher?
The same no worse.
That pleases me.
I have a few suggestions concerning his equipment.
Help me finalize the final five choices
Hm...
A type of worldly educated man...
You look very good.

But the artificial body parts interfere!
And the hairstyle is beyond redemption.
We will rebuild you to perfection.
Your left arm must be made new.
.....
My real hands can be found in my house in America.
They are the hands I cut off myself a long time ago.

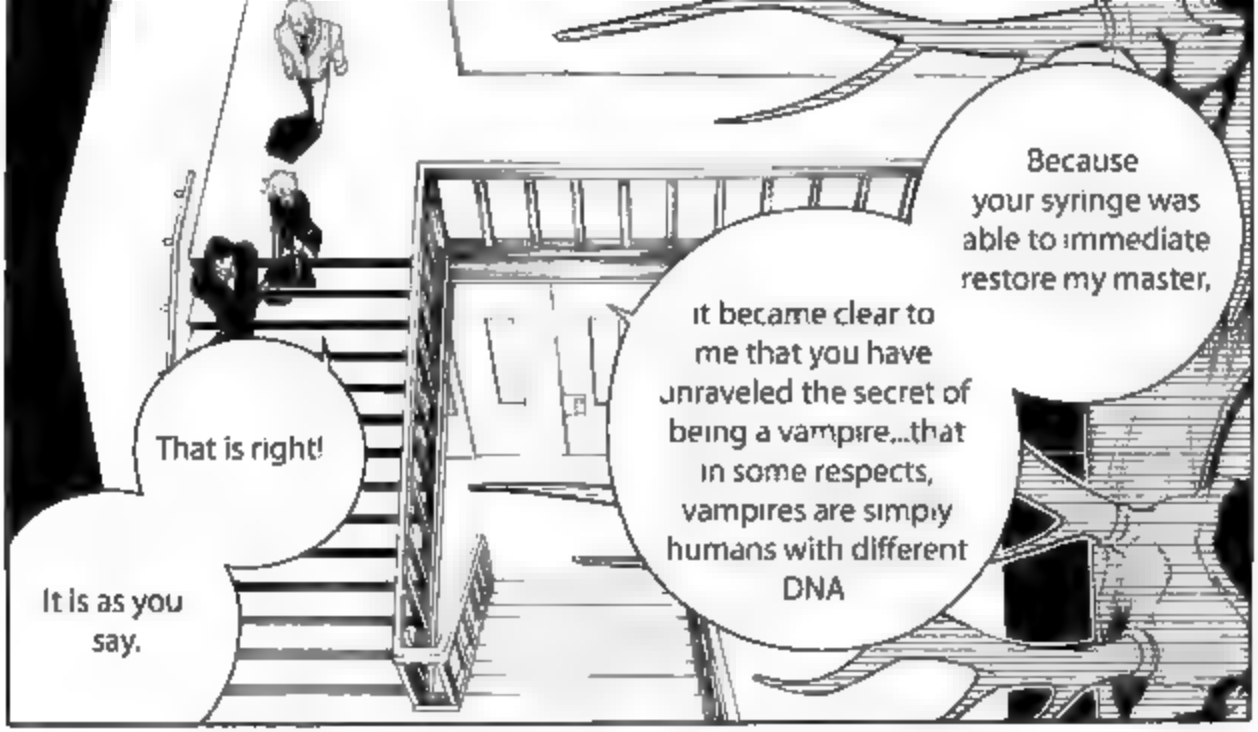


That, we understand.
Yes, you would take care of your of your original parts.

When the body is given the proper stimulus.
A piece of meat that has been separated even a 100 years can be made to rejoin

But it is neither unnatural or frightening, once you understand it, especially one such as you, who has undergone the scalpel so often.
At first glance, it would seem I've patented "monster technology"

.....
perhaps this is difficult. Do you need some time to consider?
For a man who has tried to balance God and the Devil for so long,
But...



Because your syringe was able to immediate restore my master,
It became clear to me that you have unraveled the secret of being a vampire...that in some respects, vampires are simply humans with different DNA
That is right!
It is as you say.

My research for vassalord is for economic gain, and for its capibility for calmity.
For you see..

Those that oose control of their bloodlust will pay..
.. for the benefit of what I hope to eventually offer
Why then the
..calamity?

隆
隆
隆
You know, I was not able to save your half-dead master ...
... because I was a vampire expert.

Instead,
I am an expert in the body of Johnny Rayflo!

Did you remember where Alford Wayne's secret headquarters is?
Contact?
I was able to let my father know that I am still alive.
... make contact with him.
But I'm sure I could find a way to...
I do not know where Mr Wayne is staying.

I propose that he will try to punish me for leaving.
"I am still alive," eh?
Then perhaps you should die now.
Can you give me reason our conversation shouldn't finish in that fashion?
The fact that I am still alive is a rebellion against my father.
He will certainly punish me for it.
Of course,
... life in the outside world is something of a punishment, as I am unused to it.

Then the last question
Why did you volunteer to be a spy?
Because I wish to put a stop to Mister Alford's ambitions
And I'm doing it for a young man named Cherry, and also for Adam...

There are photos from different eras and different countries, but in all of them the same face appears.
As the photos show, there were always rumors and legends, but there is a point where they show us something more.
But this is where the legend of this...
... mysterious life becomes something...
... more.
This is someone we all know very well here.
and today, he is called Rayflo.
This man...

Are you surprised?
This is a portrait from his days as a knight...
or perhaps some higher station
That is.
I was very lucky to have found this painting.
Hm

I do know know the epoch nor country this pa nting shows us.
Wouldn't you like to ask him directly?
.....
遥...
This hair, I have obtained from the year 1911 ...
... from France.
I also have body fluids that were collected from the Oldington Hotel in England, room 526, from the year 1915

Sometimes,
even I am astonished...
... at what a patient collector I am
Recorded history is changeable. The facts recorded are based upon who is observing it.
I have followed him as he mingled with the rich and famous, and ..
... I have searched the guest rooms he is said to have resided in.

I had the remnants and rubble of the ancient buildings dusted and examined
Most of these places no longer exist.

The first time I saw Rayflo for myself,
was in 1937 in America

It was in a secret club, one where you only went if you had money and relationships.
There was no hint of the upcoming war. It was in a vulgarly luxurious villa, one with an unpleasant aura.
But he seemed to feel comfortable there.
The villa served as his residence.
... and his official hunting ground.

You need to say nothing more.
... once invaded that place
... and marketed himself as a vampire.
Back then, he called himself "Pigeon"

I became a vampire hunter
The next year...
.....
啪

Do not touch me! Not with his face..
The gold thread found there helped me...
... along with the progressing of the human genome
... analysis technology to clarify my collection and to verify its authenticity
And your next step was to start collecting live versions of my master?
Yes, and as you can see, the cloning succeeded wonderfully!
And now we've proven the drug, tailored to the clones, works on the original.
But anyway That is another matter.

That night, when I delivered myself unto you that night, I knew I'd done the right thing.
Thank you for saving me,
Mister Charles!

Urgh!
Adam has collapsed. He seems to suffer.
What should I do?

喀沙
沙
沙

You must know!
I am dying of hunger!
Surely you have taken your mea ?
Ha!
That soup?
What is wrong?
You do not look good
Vampires are made of mysteries and romance.
You think that thin mixture of red blood cells and blood protein substitutes as a good meal?
Surely.
you can see this is so?

Buy yourself an hour with one mysterious vampire...
... against a wineglass of your blood.
You speak of things that ...
... my own blood demands.
They say that those who drink of a vampire's blood find the lifeforce particularly sustaining.
Are you not also a vampire?
Perhaps we can confirm the truth of that
We could share blood...how does that sound?

I think ..
... you're smarter than you look.
You seem docile,
..but with calm
..and patience.
The game is long.
bet you're the type to work yourself up slowly but surely.
It is good if you have stamina.
Klank!
I don't know what you're talking about...

Ah...
You thought I was talking about sex?
Hey!
Wa t!
I am going first!

What will you say to your lord and master?
Ah, you are naughty.
Oh,
I shall hide this from him
If you suck my blood now, I'll faint!
Then they'll have another go at me with the syringe!
That will not do!

Otherwise.
I am not so much fun.
It has been a long time
since I have seen you like this.

How long have you been there?
Since you two first sat down on the bed.

啪噠
Sorry for the disturbance.
will come back after you've finished your meal.
撲...
You have preferences, perhaps.
You knew that he was..
..coming into the room?

Now
the possessive
young one ..
.. will stay
away for a while
晤

But I've heard that you also need blood.
Don't bother me.
You are my secretary, right?
What does my calendar show for today?
I don't mean his health status, but his mood
It is a result of your boss!
Today the firms MAZE and G-GA und Maurice Vitelis are on the program.
At the 14th hour, you meet with the stylist.
When she is finished, you are scheduled for the studio.

Mister Ascam is like us.
The dinner is only half of it.
Wonderful.
Dinner will be at 20:30 hour
At the restaurant, you will speak with Mister Walter Ascam.
The dinner w be a litt e one sided, as I can't dine Shall I simply keep the conversation alive?
At least that is what Mister Alford hopes you can do.
It is hoped that you can get data that will help with our theoretical needs, and that you will also learn something about this person to get a feel for who he really is.
He wants to ta k to me about the president?

Maurice Vitelis...
...MAZE, G-GA...
The model that these three prestigious houses have booked for their respective new commercials, is currently hot in the conversation.
The question: Who is this young man?

No doubt, he is a beautiful young man

But for three large firms to choose the same model, this is quite an event.

There are rumors that ***MAZE*** even fired their latest model, Brian Sutton, to employ this young man.

Mr. Charles...!

How did he end up in a situation like this?

I never knew he wanted to be a model ...

This must be a new torture method.

Next, he'll want to be a porno star...

...Vatican when he sees this.

We'll have at least one Cardinal try to convince him to come back to the ..

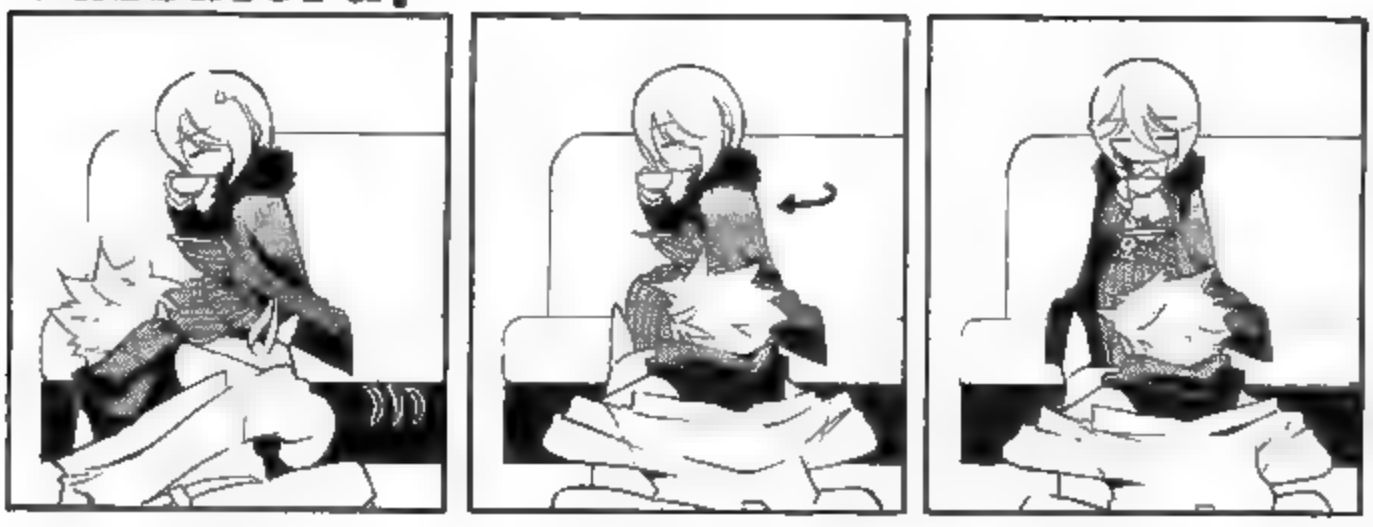
Vassalord.



If you'd watched my face over time, you'd see that it's changed.
Yours, you used to change constantly, am I right?
And so, such a haggard looking incubus is something that no one has seen...?
Pardon me?
Hm?
Hey!

Leave the Vatican and find Charles.
If he is being held captive, his activities will be restricted.
Sorry to spoil the mood.
But I'd like for you two occult freaks to go find out something for me
It might be easier to find him,
rather than to locate Harol... that is, Alford Wayne.
Oh, this sound interesting
Hey, you!
Stay with him and put him to the whip once a day if he won't behave.
It isn't! I'm not going!
I've given you protection. That should be enough.
What do I get as a reward?
You haven't rewarded me at all yet.

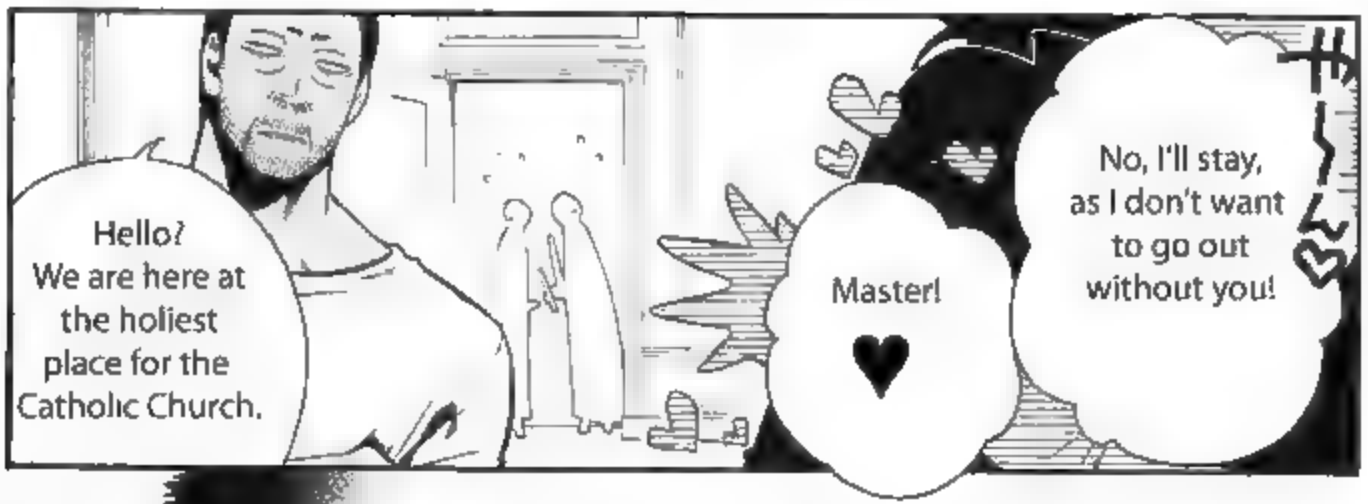
Vassalord.

But...
It's true. It would be a shame to leave Barry here to rot.
HAHA
Come on, Cheryl.
Making us scapegoats in this is purely masochistic!
But only the two ladies may command me.
This is a command

Find out where Rayflo is.
If he lives, he is certain to be close to Cherry.
And if you have to work with this sadomachist,
..then you're good, right?
Oh, yes. Most certainly!

Vassalord.

I also want to go out!
These sacred places are so exhausting, even if I just sit around.
Unfortunately, I must stay here and sleep.
You can go.



Hello? We are here at the holiest place for the Catholic Church.
Master!
No, I'll stay, as I don't want to go out without you!

You don't worry that Barry will get free?
Is this because you gave him an order?
Yes, yes. Demons are not in a position to break their own contract.
Besides ...

Barry is a specialist at finding Rayflo. It's a task that he'll certainly enjoy

meow!
It's been so long! I've missed you!
meooow!
Oooh, that feels so good!
Pity about the maid.
But your cuddly fur is enough for me!
Thank you for coming, Minea.

You're welcome, Mister Rayflo.
Then I will write Cherry a letter.
A passionate, sensual letter.
A love letter from a lover.
Then, I'll order a sofa
Once it's arrived in this room,
it will be for your use, Minea
Sadly, we have no time.
First, I must explain to you how we find ourselves in this situation.

A love letter from a lover.
Pardon me.
I seem...
... to be a little bit nervous.

But please, Christopher! We are very relaxed people.
He is just an ordinary uncle with a beer belly.
Yes, exactly!
You know what Jane said to me?
She said it seems very difficult even for the rich to find a good personal trainer.
Daughter Cecilia
Wife Grace
That is surprising.
Only two pounds after the way I've been reducing the size of your meals?
Malcom J Goss
Really? I want to be fat?
I've already lost two more pounds!
Mr Malcolm ...
What do you think, Christopher?
But...

.....
I can brag about it to Jane, but also to the entire school!
It's great that I get such a perfect dinner companion.
I would almost perfer that we spend the money, not on an adoptive son...
...but on a child out of wedlock.
But God could not have given me such a glorious son.
So, welcome!
Grace!!
Oh!
How sweet!
But really
When Walter asked me if wanted to take you into our family as a son,
I was less than thrilled.

I seem to have received an urgent call.
Sorry.
Mr Chr stopher!
Give me that letter you just received!
It's from *him* isn't it?
Yes, but I thought after eating..
Hey, Cecilia!
So *rude!*
What is this? The envelope is open...

.....
Also, what is this?
You should have no secrets from your future family.
Even if I stand...
... in the splendor of the sun ...
... my heart is caught in the deepest darkness...
I am lost in a maze, with no hope of escape, and my breath catches in my throat. So silently, I breathe your name as the spider spins its web around me...

Vassalord.

My goodness!
Your *Juliet* with an *R* seems to be very poetic..
No, it's...

Ha! Ha! Ha!
But no! That sounds very classy!

Mister Alford is very worried about your safety and welfare. He does not want you to be too stressed.
